Having submitted it, with an explanation of its components, to a number of Physicians of Philadelphia, a mong whom were the late Drs. Joseph Hartshorne and J. C. The most incredulous will be convinced of the great efficacy of the Lithontriptic by reading the following certificates and those around each bottle:— NEAR JACKSON, Madison county, Tenn., To all persons offlicted with Gravel.

Mr. J. F. Cowan—Dear sir—I hereby certify that in
the summer of the year 1855, a servant of mine, a boy
about 19 years of age, who had always before this time been stout and of a vigorous constitution, was attacked with gravel. A Physician was called who attended on him for several months, during which time he grew worse daily until he was helpless, and I believe would have died in a few days had it not been for a friend, who advised the use of Cowan's Laboutriptic. I pro-cured a few bottles, the first of which gave him relief, and in a short time he was able to walk about, and finally fully recovered; since which time he has had no symptoms of said disease, and to all appearance is as healthy as any serverse.

remedy that will purify the blood thoroughly, and at

One tablespoonful taken every morning just before
breakfast, is a certain preventive for Cholera, Chilis
and Fever, Yellow Fever or any prevalent disease.

I used your Lithoutriptic in small portions perhaps
once a day, for five months, which dispelled entirely
the flatteient sickness of the stomach and heart-burn
which had annoyed me, to an alarming extent
in all my former pregnancies. When I was confined I took about two wine glasses full of the
same medicine, which gave me an easier delivsame medicine, which gave me an easier delivsame medicine, which gave me an easier deliv-ery by a great deal than I ever had before. Nor is this all, I have seen it tried in one case, and heard from a respectable source in another case, that your Lithon-triptic was tried in, and the Midwife with others in at-attendance were thoroughly convinced that the pain of the delivery was very much lessened by its use. I would say to all my sex that expect to be mothers, not to be without your invaluable medicine during wear. would say to all my sex that expect to be mothers, not to be without your invainable medicine during preg-nancy, and particularly at the time of confinement, as it has a marked tendency to relax the system, conse-quently the pain of labor is much diminished; and fur-ther my Physicians and Midwife both said that I had draws of the Womb, and I now enoy better health dropey of the Womb, and I now enjoy better health than I have done in ten years, and I believe the disease is entirely removed.
